

Streamline your team with automation

Improve finishing efficiency with the DISA GRIND

DISA GRIND automates the grinding process, maximizing productivity, consistency and safety while minimizing labor demand, delivering a rapid return on investment and optimized foundry efficiency!

Why choose DISA GRIND?

- Built for foundries: DISA GRIND's fast, automated grinding delivers reliable, high-quality results and fast ROI — replacing dirty, labor-intensive and inconsistent manual grinding.
- Easy to operate and program: No CNC programming skills required. Anybody can quickly learn to program it using its simple touchscreen and handheld control box. Low-cost fixtures are easy to fabricate in just a few hours.
- Boost productivity with fewer operators: An operator can easily manage several machines at the same time, keeping output high and manpower low.
- Automation for everybody: Ideal for short runs at jobbing foundries — and long runs too. DISA GRIND's specialized tools can handle a wide variety of casting types and sizes in Steel, Iron, Aluminum, and Copper-based alloys.
- Simple to install and maintain: No special foundation required, just forklift it into place. The automatic lubrication system ensures perfect oiling, minimizing maintenance downtime.

	DISA GRIND T-900	DISA GRIND T-1300
Casting diameter	940 mm / 37 inches	1340 mm / 52 inches
Casting height	400 mm / 15.75 inches	750 mm / 29 inches
Casting weight	1200 kg / 2,645 lbs	1200 kg / 2,645 lbs
Width	2.00 m / 6 feet, 6 inches	4.17 m / 13 feet, 8 inches
Length	3.50 m / 11 feet, 6 inches	4.60 m / 15 feet, 1 inch
Height	2.67 m / 8 feet, 9 inches	3.37 m / 11 feet, 1 inch
Weight	6850 kg / 15,101 lbs	10,515 kg / 23,181 lbs
Door opening	780 mm / 30 inches	1400 mm / 55 inches
Dust collection (est.)	2000 cfm	2000 cfm

Automated grinding from DISA, for you.

- No more dangerous vibration, swarf or airborne dust: create a clean, safe environment that your people love working in.
- Add palletized loading for even higher productivity and less manual lifting.
- This simple, robust and cost-effective machine will run for years with little maintenance.
- Compact DISA GRIND fits easily into your foundry.
